

## CONTINUING EDUCATION FOR RENEWAL OF LICENSES

### **\*\* ATTENTION LICENSEES \*\***

A Licensee will be required to complete 36 (hours) continuing education credits over the next three (3) years, September 1, 2007 through August 31, 2010, in order to qualify for a renewal in 2010. The 36 hours are required for each license you hold - Fire Alarm, Burglar Alarm and/or Locksmith.

However, licensees shall not be required to complete continuing education requirements for the triennial registration period in which they initially received a license.

A Licensee shall complete a minimum of one continuing education credit per triennial registration period in the Barrier Free Subcode, N.J.A.C. 5:23-7; one continuing education credit in the New Jersey Uniform Construction Code, N.J.A.C. 5:23, exclusive of the Barrier Free Subcode, and one continuing education credit in the Americans with Disabilities Act Code, 36 C.F.R. § 1191. A Licensee seeking renewal for a Burglar Alarm License shall complete a minimum of three (3) credits of continuing education in smoke detection systems. The remainder of the 36 continuing education credits may be from a variety of trade-related subjects.

The holder of multiple licenses issued by the Committee may apply a maximum of 12 credits obtained in satisfaction of the 36 credits required for one license toward satisfaction of the 36 continuing education credits required for his or her other Committee-issued license(s).

A licensee who completes more than the minimum continuing education credits set forth above in any triennial registration period may carry no more than eight of the additional credits into a succeeding triennial period.

The entire regulation for Continuing Education, **N.J.A.C. 13:31A-1.12**, can be downloaded from the Advisory Committee's web site.

#### **The following topic codes are applicable for continuing education:**
